# SwingLift

# FV500

The new SwingLift FV500 has hydraulic slew, boom raise, lower and extension for controlled, precise and safe handling and all round access to loads. With its 500kg capacity at maximum boom extension it is the ideal solution for pick-ups, drop sides and flat beds.

- Hydraulic slew, boom raise, lower & extension
- Optional electric winch
- 500kg capacity at full 1.5m extension

Let the SwingLift FV500 take the strain...  
contact us today to arrange a no obligation demonstration.
